

BOLLARD + LANDSCAPE LIGHTING

The Lake Shore Series Bollard is a combination of security, beauty and vandal resistance that blends beautifully into any pathway environment. The Lake Shore Bollard comes in LED optics that casts a beautiful combination of uniform direct and indirect illumination for pathways or landscape lighting .

The Lake Shore is built to last featuring a strong 10 inch square aluminum base plate. It is finished with a 5 millimeter rich-textured powder coat and stainless steel hardware. Manufactured in the USA.

STAR POWER REFLECTOR

The "Star Power" reflector system is an Excellent optical System providing Great value and performance.

Project Name:

Type:

Cat #	Length	Shaft Dia.	Light Dist.	# of LEDs	Milliamps	Kelvin	Volts	Color	Options
Lake Shore-1 (LSR-1)	36" (36)	4" Round (4R)	Type 3 (T3)	16 (16L)	350 (35)	3000K (30K)	120-277 (UNV)	Bronze (BRZ)	Direct Burial (DB)
	42" (42)	5" Round (5R)	Type 5 (T5)		530 (53)	4000K (40K)		347-480 (HV)	
					5500K (55K)		Silver (SVR)		
							Green (GN)		
								Black (BLK)	

PRODUCT SPECIFICATIONS

Housing: Aluminum Housing

Cap: Spun Aluminum

LED: Luxeon M Series by Lumileds

Optics: Star Power Optical System; Types 3 + 5

Electrical: Conforms to UL 1598 Standards

Driver: By Advance or Universal

Kelvin: 3000, 4000, or 5500

Finish: 5 Millimeters Powder Coat

Hardware: Stainless Steel

Warranty: Standard Warranty is 5 years for Driver and LEDs
