Bella Vista LED luminaire, which means “beautiful view,” features the patent pending Star Power optical system. The Star Power Full Cutoff reflector system is an excellent system which provides great value and performance while being Dark Sky friendly and neighborhood sensitive because its light source is recessed and hidden two to three inches above the fixture’s lens aperture, within the fixture top.

Bella Vista is available from 33 to 104 watts and its optical system is available in Type 3 and Type 5 distributions. The Star Power reflector casts light at a distance of up to five mounting heights with perfect uniformity.

The Bella Vista LED luminaire is available in two sizes to mount as post top or wall mount. Kelvin temperature offerings from Amber, 2700K, 3000K, 3500K, 4000K and 5000K. Frosted textured glass is Standard lens. Consult factory for custom lens options.

This “beautiful view” is built to conform to the strictest Made in America standards. It is designed, tooled, fabricated and assembled in the USA.

**BUY AMERICAN**
