

Banner Arm Single
(BA-S)

Banner Arm Single Set
(BA-SS)

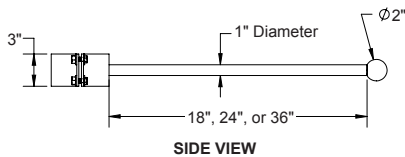

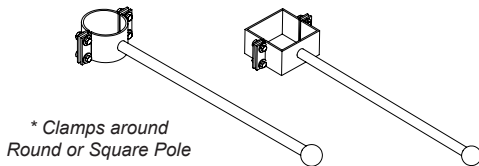

Banner Arm Double
(BA-D)

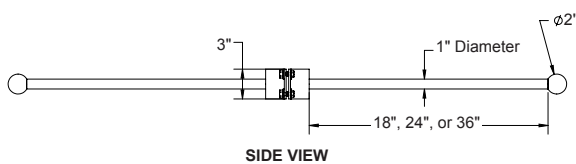

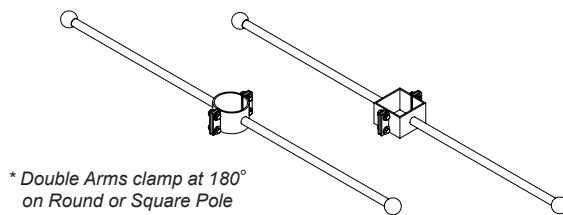

Banner Arm Double Set
(BA-DS)

Banner Arms (BA) are constructed of 1" OD extruded aluminum pipe, extending 18", 24" or 36" in length. The threaded end of the pipe is capped with a 2" OD screw-on spherical finial. Banner Arms are available for round or square poles and clamped

using 3/8-16 hardware. A "set" in Single Set, or Double Set arms consists of top and bottom arms that align vertically, parallel to each other. Consult with factory for a custom configuration or tapered pole banner arms.

EPA	SINGLE
18"	.25
24"	.29
36"	.38

EPA	DOUBLE
18"	.40
24"	.50
36"	.65
