The Classic LED Post Top Lantern blends traditional design with modern LED and optical technology. The Classic is able to provide illumination at up to (70) seventy percent energy savings compared to previous technology.

The Classic is Dark Sky Friendly and features a full cutoff optical reflector system. Micro Optics— recessed within the fixture's surface and can distribute light up to five times the mounting height, creating powerful uniformity. The Classic LED provides uniform illumination with up to four to five mounting heights. The optical system is completely concealed inside the fixture top eliminating glare. The Classic is available in Amber, 2700K, 3000K, 3500K, 4000K and 5000K Kelvin and is available from 21-71 watts. The Classic LED Series is the perfect luminaire for traditional American neighborhoods.

The standard Classic LED comes with flat glass lens in the top of the fixture with open sides. Opal, Frosted, and Clear side lenses can be ordered as options.
