

HERMOSA

ARCHITECTURAL HIGH LUMEN WALL PACK

ADDED BENEFITS

- High Performance Silicone Micro Optical System Technology
- Maximized Lumen Output to 14,698 Lumens
- Recessed StarPower Visual Comfort Low Glare Technology

Up to 14,698 Lumens

Hermosa Wall Pack Benefits

- The best value solid state outdoor lighting solution available today
- Two optical systems to choose from: Silicone Micro Optic or Star Power (low glare option)
- T2, T3, and T4FTW IES Distributions for Silicone Micro Optics with T4 low glare option using the Star Power Optical System
- Clear Tempered Borosilicate Glass Lens comes standard, optional Polycarbonate Lens, Diffused Polycarbonate Visual Comfort Lens, and HAL Lens available
- 1,764 to 14,698 Lumen range with a 16L, 32L, and 48L LED configurations
- Amber, 2700K, 3000K, 3500K, 4000K, and 5000K CCT Multichip High Power 70 or 80 CRI standard
- Emergency Battery Back-Up 4W, 8W, or 14W, Emergency Cold Weather Battery Back-Up 14W
- 20kA Surge Protection (120V - 480V), 0-10V programmable, dimming LED drivers with an operating range of -40°C to 50°C for use in most climates with a THD @ Max Load < 15%
- All internal wiring UL Certified for 600 VAC and 105°C
- 10 standard finishes, marine grade finish and custom finish available
- Controls Agnostic: compatible with most control systems and sensors
- Die-Cast Aluminum Housing for a precision fit, greater heat dispersion, and durability
- Environmentally friendly product which reduces energy consumption, L70 > 120,000 hours
- Buy America(n) option compliant
